## WHITE SOX ARE VICTORS IN WORLD SERIES

### CHICAGO IS WINNER ON POLO GROUNDS

Giants Unable to Overcome the Early Lead of Foe and Succumb After Valiant Effort

FOUR TO TWO IS SCORE IN LAST GAME

Costly Errors Lose for Nationals As Usual Fourth-Inning Melee Starts Scoring on Way

By H. C. Hamilton, United Press Staff Correspondent.

POLO GROUNDS, New York City, Oct. 15.—The White Sox are the baseball champions of 1917.

They scored their fourth and deciding victory over the Giants here this afternoon, 4 to 2.

As Clarence Rowland saw his team battle through to a victory, he had the satisfaction of knowing that a man derided as a "bushier" was being put into the Baseball Hall of Fame. That man was himself.

On the other side, the Sox stretched their way across the Polo grounds, carrying the shadow of defeat for the Giants. John McGraw saw slipping from him his fourth chance at a world's title out of five starts.

The game today was bitterly fought. There was scrapping and jawing on the base lines from start to finish. In the ninth inning, Buck Weaver could be plainly seen to deliberately throw himself in the air and lunge his full weight against Fletcher, the Giant shortstop.

### Wilson Is Urged to Declare War on Germany's Allies

WASHINGTON, Oct. 15.—Declaration that a state of war exists between the United States and all of Germany's allies—Austria-Hungary, Bulgaria and Turkey—was urged upon President Wilson today by Senator King of Utah. With what success he met was not revealed. Senator King argued that the moral effect upon the world at large, and especially allies of this country, who are now at grips with these three countries would be of inestimable value.

Senator King also urged that a complete understanding with Japan be reached before Viscount Ishii's mission departs. He urged the sending of 300,000 Japanese troops to some front to aid the allies.

BY ASSOCIATED PRESS

LEASED WIRE TO TRIBUNE

PARIS, Oct. 15.—Mata-Hari, the Dutch dancer, who two months ago was found guilty by a court-martial on the charge of espionage, was shot at dawn this morning.

Memoirs, written with frantic haste in the last few days of life remaining to the woman declared to be France's most remarkable "modern vampire," may implicate men high in official life in the spy plots that they conspired. It is almost certain that they will give the name of the man who inadvertently gave her much of her information, and who, it is hinted, is a deputy.

Mata-Hari worked steadily and feverishly on her memoirs, and for a time feared she could not finish them before the date set for her to die. She asked a stay of execution through her lawyers, but this was denied.

GAVE SECRETS OF TANKS TO TEUTONS

The dancer, whose beauty made her a favorite among high officials, including allied army officers, was charged with giving to the Germans the secret of the building of the "tanks" with which Haig suddenly sought to surprise the Germans on the Somme. When the lumbering, movable forts were first put into action several were disabled by guns specially made for the purpose and projecting a small highly explosive shell. German officers taken prisoner confirmed the allies' suspicion that German commanders had known of the nature of the tanks, had known that they were being built and had made arrangements for guns of an "E" tank" nature to be used against them.

Mata-Hari, whose real name was Marguerite Gertrude Zelle McLeod, took the stage name she went under from the Japanese name meaning "Bye of the Morning." She was in Paris at the time the tanks were started in England and on very friendly terms with a number of high officials and army men, some of whom, it is believed, had been told the secret of the tanks.

Shortly after the work was started she went to Holland, via England, and was known to have stopped at the town where the land battleships were made. From there she returned to Paris, after having informed the authorities that she had been to see her husband, a Dutch army officer from whom she had been separated. This story was probed and discrepancies found.

OFF TO SPAIN—AND TO WIRELESS STATION?

It was exactly a month before the tanks went into action that Mata-Hari returned to Paris and shortly afterward asked for a passport to go to Spain. Spain and Germany are in wireless communication. Secret service men in the meantime were placed on her trail and observed that she spent much time at the San Sebastian racetrack with a man regarded with suspicion by the French detectives, and that she placed heavy bets on horses. Later she returned to Paris, and a short time later, when it was found that the tanks had been attacked by prepared guns, suspicion became strong enough against her to cause her arrest.

### DAVIE TALKS RECALL, NOT WAR BONDS

Blames It Upon Misunderstanding and Upon Question He Heard From the Audience

Mayor's Administration Lauded, But Liberty Issue Is Not Explained to Citizen Crowd

Why a panegyric on the Davie administration, pronounced by Mayor John L. Davie himself, and a proposition of glorification to come (under a Davie administration undisturbed by recalls), took the place of a scheduled talk on the Liberty loan yesterday afternoon at the band concert in Lakeside park, probably will become a matter for historical controversy. As in the case of the charge of the Light Brigade, "somebody blundered."

So far as the Liberty loan speech phase of the situation is concerned, Joseph Rosborough, who selects the speakers in the campaign, says that Mayor Davie himself was designated to speak on the Liberty loan in the park yesterday. Rosborough is not positive the mayor was thoroughly clear on details of the arrangement, but he knows that the mayor was there.

Enters also into the "misunderstanding" D. D. Ophiant, of the campaign committee, who, under the direction of Postmaster J. J. Rosborough, first arranged for a speech at the park yesterday.

First approached the secretary of the park commission on the matter and was informed that Mayor Davie had arranged to speak at the park.

"Ophiant then rang up Mayor Davie," said Rosborough, "and asked him to divide his time with a Liberty loan speaker. The mayor replied that he himself would talk on the Liberty loan. Whereupon he was put down on our list in this office as the Liberty loan speaker for the committee. No other speaker was assigned. The mayor was given to understand that in fact we were under the impression that he wanted to do the speaking himself and were satisfied if the bonds were to be the topic. We were somewhat surprised this morning when we heard the developments."

SAYS HE WAS TO PRESENT SPEAKER

"I was informed by the secretary of the park board that there would be a speaker present to address the people on the Liberty loan," said Mayor Davie this morning. "I was to introduce him. I waited until the last possible moment, but no one appeared. I then made a few remarks on the importance of Oakland of Lake Merritt as a recreation ground, and spoke of the good work accomplished by former Park Commissioner Edoff in acquiring Lakeside park for the people and of the \$3500 contributed by the city of Oakland to the construction of a bandstand. I said that the City Council had placed itself on record as being in favor of an appropriation of \$10,000 for this purpose. I mentioned the fact that this was the last concert of the season, and spoke of the benefits of the concert."

"I then went on to speak of my plans for the development of Lake Merritt—what had already been accomplished and what was to be done. I spoke of bringing in the city dredger to deepen the lake and at the same time fill the overgrown land between First and Seventh streets, which will be worth \$85,000 an acre when filled. I spoke of my project to establish a bathing beach on each side of the bathhouse and to pump pure salt water from the Key Route pier."

QUESTION CHANCE FOR RECALL TALK

"I declared that such a bathing beach would attract thousands of people to Oakland from the interior valleys and result in bringing thousands of dollars into this city. At the close of my remarks someone called out from the audience a question about the recall. I replied that I stand upon my record, and that if I am let alone, I shall continue to work for the advancement of Oakland."

When because of the speaker on the Liberty loan? Who was he?

As Rosborough declares that the mayor himself was selected, there arises the question as to whether the last concert of the season and that the mayor was not notified of the honor conferred upon him?

BEGIN PLOT TRIAL

CHICAGO, Oct. 15.—Details of the most amazing plot ever exposed in a courtroom will be unfolded, government agents declare, at the trial of four alleged German plotters for conspiracy to foment a revolution in India which began here today. Selection of a jury to try the alleged plotters began today before Judge K. M. Landis in the Federal court.

The main trial are Gustav Jacobson, wealthy Chicago German; Albert Wedde, a Chicago photographer; Geo. Paul Boehm, former superintendent of the American Perfuming Company, and Heramba Lal Gupta, a Hindu student at Columbia University.

ALLIES SHIPPING

LONDON, Oct. 15.—The entente allies have increased their shipping according to the Times, through the acquisition of the Royal Mail Steam Packet Company and the Lamport & Holt Line and the controlling interest in the Argentina Navigation Company, which has a capital of \$10,000,000 and owns more than 300 vessels.

### Slav Batteries Are Bombarded by Kaiser's Battleships Off Desel Island and Silenced

### INTERRUPTER OF GAYLEY IS ON DEFENSE

Brundin Does Not Question Veracity of Professor, But Fears to Stir the Emotions

U. C. Instructor Tells of Incidents of Interruption of His Lecture; Fears a Repetition

Feeling ran high on the campus of the University of California this morning following an article in a campus publication by E. W. Brundin, a member of the sophomore class, justifying his action of last Friday when he interrupted an address by Professor Charles Mills Gayley, in the Greek Theater with shouts of "You are trying to incite a hatred of the German people." Brundin is registered in the College of Letters and Science and comes from Fresno.

In the article this morning Brundin says he wants "to state definitely the nature of the opinion ventured at Professor Gayley's lecture Friday."

GAYLEY'S VERACITY IS NOT QUESTIONED

He says the veracity of the statements used by the lecturer are not in question, "but it is to be questioned whether propaganda of this kind that have so strongly on the emotions of the people already greatly affected by the spread of a mistaken feeling of vindictiveness against the whole of the German people, is accomplishing what Professor Gayley hopes it is."

"It is a question as to whether we are benefited by adding fuel to the instinctive feeling for vengeance that so rapidly overwhelms our more recently acquired reasoning faculties at such a time as this."

"Professor Gayley's endeavor, in spite of his intentions, created a feeling that this war is a war of reprisal rather than a fight for democracy as announced at the entrance of this country into the strife."

DECLARES BRUNDIN BECAME EXCITED

Professor Gayley said this morning that Brundin told him Friday he was a pacifist.

"He approached me just as I started the questionnaire at the end of my lecture," said Professor Gayley. "He said, 'What do you mean by such a talk?' I asked him just what he referred to, and he answered, 'This propaganda which makes the people hate the Germans.' I told him I had touched very lightly on the atrocities, and had endeavored in all my lectures to avoid any race hatred, and my class backed up my statement."

"Then he became excited, and someone shouted at him, 'You are a pacifist.' He denied the charge. I asked him what he was, and he answered, 'I am a pacifist.'"

"I told him I had no use for a pacifist, that the only good a pacifist could do while the country was at war was to hinder, and really help the enemy."

"I turned away and talked with others, and for probably fifteen minutes the crowd around the man engaged him in debate. The debate continued after I left the theater."

Witness Gayley said that he was further demonstration next Friday afternoon at his next lecture. At that time he will speak about Owen Winter's book, "Pentecost of Calamity."

He is a close friend of printed Brundin's article this morning there appeared an editorial condemning the action of the student.

### New American Cardinal May Be Selected

ROME, Oct. 15.—Another American cardinal—possibly Archbishop Ireland—may be chosen as a successor to the Aglenza. Volpi unofficially announces today will probably be held late in November or in December.

The papal pronouncement and the allocation for this meeting of the college of cardinals is expected to be an ethical and diplomatic move for peace.

ST. PAUL, Oct. 15.—Archbishop Ireland of St. Paul, mentioned in Rome despatches as a possibility for cardinal in the Catholic church, was too ill today to discuss the report. His secretary declared he had heard nothing about the matter. Archbishop Ireland has been mentioned for a red hat several times. He is a close friend of Pope Benedict. The aged prelate has been ill for more than a week. His physicians reported him improving today.

SLAYER INDICTED

MINNOLA, I. I., Oct. 15.—The Nassau county grand jury today returned an indictment charging Mrs. Blanca de Saullies, the Chilean heiress, with the murder of her husband, Jack de Saullies.

Mrs. de Saullies, who shot her husband at his country home near Westbury, August 3, will plead to the indictment Wednesday.

### KERENSKY OUTFACES DEATH HALTS DESPERATE RIOTERS DICTATOR'S NERVES OF STEEL

By William G. Shepherd, United Press Staff Correspondent.

STOCKHOLM, via London, Oct. 15.—Premier Kerensky played fearlessly with death at the Moscow democratic conference and won by his sheer, unflinching nerve.

He stood on a platform, unarmed, facing three drunken Cossack officers, red with anger, and twice flung the taunt "cowards" into their faces, while the vast audience, breathless, fearfully waited for their revolver shots to stretch Russia's man of the hour bleeding on the platform.

That they did not fire meant he had passed the supreme test of courage and nerve.

Premier Kerensky presided at the Moscow conference. On the final night of the meeting a group of Cossack officers appeared as usual in the box reserved for General Korniloff, on the left side of the stage. Korniloff himself was not present. The officers who lounged into the box gave every evidence of intoxication.

DRUNKEN COSSACKS FORECAST DIFFICULTY

On the stage behind Kerensky sat a thousand prominent Russians. Three of the Cossacks in the box repeatedly interrupted speakers as the meeting proceeded. Kerensky, however, did not directly below them Kerensky repeatedly appealed for quiet. The Cossacks ignored him. Several speeches were interrupted with wild bursts of laughter.

Finally a Cossack private soldier, a member of the Soviet, or Petrograd Council of Workmen and Soldiers, spoke. He declared the Cossacks were democrats and not slaves of their Cossack masters.

The three officers took instant umbrage. All arose. One shouted:

"That sounds like German talk; no real Cossack speaks thus."

KERENSKY PASSES STERN JUDGMENT

Kerensky stood up. He looked coldly at the flushed faces of the officers and remarked, acidly: "The officer who addresses a man that way on such an occasion as this is a coward."

Two more Cossack officers arose. One shouted:

"I agree with my fellow officer and we are ready to give any one satisfaction. No one can call me a coward."

The three hurriedly left the box and hastened downstairs toward the door to the stage. Several friends followed them, begging the lurching trio to return.

Though Kerensky is carefully guarded at all times, none of his private soldier guards dared bar the progress of the three officers. The trio went on, forcing guards aside. They turned back from the stage door and went down the aisle toward Kerensky. The premier's back was turned to them.

The drunkest of the three was not more than twenty feet distant from him when a high official stepped forward and said:

(Continued on Page 2, Col. 5)

### ARENSBURG IS OCCUPIED BY TEUTON INVADERS

Russian Patrols Hurled Back by Advancing Warships, But Reserves Rally to the Attack

LOYALTY OF SAILORS OF DEMOCRACY SURE

Progress of Attackers Expected to Be Made by Esthonia Rather Than Gulf of Finland

BY ASSOCIATED PRESS

LEASED WIRE TO TRIBUNE

BERLIN, via London, Oct. 15.—Rapid progress has been made by Russian troops which landed on the Russian island of Oesel, according to the official statement issued today by the German war office.

Ships shelled the Russian land batteries and silenced them. The Russian troops landed on the northern part of the island.

PETROGRAD, Oct. 15.—German forces which landed on the Russian island of Oesel at the head of the Gulf of Riga, on Friday, occupied Arensburg, the capital of the island, on Saturday, it was announced today by the Russian war office. Arensburg is on the southern shore of Oesel.

The northern group of German warships, the statement adds, despatched a torpedo boat squadron between the islands of Oesel and Dago, which pressed back the Russian patrol boats. The Russian patrol boats were forced to retreat, whereupon the German ships retired.

Fighting for Oesel island, the war office announced, continued all day yesterday.

A third group of German warships, consisting of cruisers and torpedo boats, approached the southwest coast of the island and bombarded important parts of the coast. German submarines were observed at various times and places in the Baltic.

FINLAND GULF IS TOO WELL PROTECTED

Military experts predict actions in the Gulf of Riga followed by development of the invasion to the mainland, on the coast of Esthonia, rather than an attempt toward the Gulf of Finland, which is protected by mine fields which the Germans would have to sweep under the menace of the Russian fleet.

The central committee of the fleet has addressed to the sailors an appeal which has caused cessation of the meetings at Helsinki. The appeal is signed by the development of the first naval engagements in the Oesel waters have shown that an appeal to the crews of the fleet may be counted on with certainty. Possession of the Gulf of Riga by the German fleet appears to military writers to be a most serious menace and to give a considerable advantage to the enemy, who will be able to make secure his communication with Riga by sea.

The Baltic fleet is ready to carry out all orders of the government. According to Vice-President Ivanoff, president of the Central fleet, the organization which in the fleet corresponds with the Council of Soldiers and Workmen's delegates to its relation with the army. Immediately on receipt of news of the German landing, the appeal of the Central committee was issued, calling upon the sailors to forget internal strife and take all measures to improve the fighting spirit of the fleet.

DENIES CLAIM THAT SAILORS ARE UNWILLING

"Reports that the fleet is not ready to meet the enemy's attack," said M. Ivanoff. "The fleet is full of fighting ardor and is ready to repel the enemy. Stories of influence exerted by the sailors' committees are greatly exaggerated. The near future will show how honorably the fleet will fulfill its duty to the country."

The newspapers exhibit alarm at the landing of the Germans on Oesel island. The Bourse Gazette says the situation of the country is the more complicated because a solution must be found not only of the unsatisfactory state of affairs in the interior, but of the problem presented by the loss of the Gulf of Riga by the Germans. The Russian navy, says the Bourse Gazette, will find our resurrection.

The Reich attributes the disaster partly to bad visibility and the unexampled political frivolity and leadership of the Russian navy. The Socialist press takes the Maximilian to task. The Völkische Freiheit recalls the danger of a German coup in the Baltic, which was stigmatized by the leader of the Maximilians as an unworthy political maneuver.

RETURNS TO PORT

AN ATLANTIC PORT, Oct. 15.—Admiralty and United States officials are today investigating a fire aboard a large British steamship Saturday which caused the vessel to return to port after she was thirty miles at sea. She carried a cargo of munitions and 600 barrels of oil. The flames started in the engine room compartment.

Naval gunners forced the crew to return to the vessel after they had rushed to the lifeboats.

EDITOR LEAVES

NEW YORK, Oct. 15.—Lord Northcliffe, head of the British war mission in this country, left last night for Toronto, where he will open the autumn campaign in Canada for the British Red Cross, it was announced here today.

# LUCKENBACK LOST WITH NINE OF MEN

The San Francisco steamship Lewis Luckenback has been sunk off the French coast by a submarine and nine of her crew lost, according to word received today at the San Francisco offices of the company. No details of the accident are known by the owners.

The Lewis Luckenback departed from San Francisco for Seattle April 28. She was in command of Captain Adams, who took her around to the Atlantic coast. When she left for a European port, she was commanded by Captain Watkins, and most of her crew was shipped on the Atlantic coast.

The Lewis Luckenback was built in Camden, N. J., in 1903. She was 355 feet long and her engines were 3000 horsepower.

## "Liberty Loan Day" Is Set October 24 to Be Loyalty Test

WASHINGTON, Oct. 15.—President Wilson, in behalf of the Liberty loan, today made public a proclamation setting aside October 24 as Liberty day and urging the people of the nation to assemble on that day in their respective communities and "pledge to one another and to the government that represents them the fullest measure of financial support." The President's proclamation follows:

**"BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.  
"A PROCLAMATION**

"The second Liberty bond loan gives the people of the United States an opportunity to lend their funds to their government to sustain their country at war. The might of the United States is being mobilized and organized to strike a mortal blow at autocracy in defense of outraged American rights and of the cause of liberty. Billions of dollars are required to arm, feed and clothe the brave men who are going forth to fight our country's battles and to assist the nations with whom we are making common cause against a common foe. To subscribe to the Liberty loan is to perform a service of patriotism.

"Now, therefore, I, Woodrow Wilson, President of the United States of America, do appoint Wednesday, the 24th of October, as Liberty day, and urge and advise the people to assemble in their respective communities and pledge to one another and to the government that represents them the fullest measure of financial support. On the afternoon of that day let requests that patriotic meetings be held, in every city, town and hamlet throughout the land, under the general direction of the Secretary of the Treasury, and let immediate action be taken to organize committees which have been organized by the Federal Reserve

banks. The people responded nobly to the call of the first Liberty loan with an oversubscription of more than 50 per cent. Let the response to the second loan be even greater and let the amount be so large that it will serve as an assurance of unflinching support to the men who are to face the fire of battle for us. Let the result be so impressive and emphatic that it will echo throughout the empire of our country as an index of that American industry and energy which is doing to bring this war to a victorious conclusion.

"For the purpose of participating in Liberty day celebration, all employees of the Federal Government throughout the country, whose services can be spared may be excused at 12 o'clock Wednesday, the 24th of October.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done in the District of Columbia, this 12th day of October, in the year of our Lord, one thousand nine hundred and seventeen, and of the independence of the United States of America the one hundred and forty-second.

**By the President,  
"Signed: WOODROW WILSON,  
"Secretary of State."**

**Thanksgiving Game Is Planned  
Boys Training at Camp Kearny**

CAMP KEARNY, Cal., Oct. 15.—Camp Kearny is to have a Thanksgiving football game with either Stanford or California if the efforts of Athletic Director J. R. Case are successful. This is plenty of talent in camp from both high schools and colleges and an exceptional football team will undoubtedly be developed. There will be some 70 football fields in operation within 15 days, which will offer a chance to every man in camp to get out and make the team.

There have been no cases of spinal meningitis in any of the California companies and the folks at home will be glad to know that the Colorado troops affected have been isolated to prevent any further spread of the disease. The hospital corps is fully prepared to meet the situation and no new cases have been reported within the last two days.

The Liberty Bond campaign has been a great success in Camp Kearny. Company F of Oakland was second in the list for the number of bonds taken, having been beaten by a company having many more men. The 15th (California) Infantry led its nearest competitor, the 15th (Colorado) by \$100. Every man in Company F was "shot" for trench typhoid on October 11, and Supply Sergeant Nelson had to be taken to the hospital. Private L. J. Littlejohn has been promoted to corporal and George W. Hall and R. H. Bonillo to privates, first class. Headquarters Company, 15th California Infantry, is made up of men from this city and is in charge of Captain Austin, U. S. R., and First Lieutenant Hagerman. The company has only 55 men at present but will be augmented to war strength by drafted men in a few days. At present it contains a non-commissioned officers' staff, mounted orderlies, and the crack regimental band under the leadership of Dewey C. Waters, bandmaster, and E. D. Hollister, assistant bandmaster, of Alameda. This band made its last appearance in Oakland on September 24, when it played in

**NO PARDON FOR  
DRAFT EVADERS,  
SAYS OFFICER**

PHOENIX, Ariz., Oct. 15.—Permission to return to the United States to enlist without being punished for fleeing to Mexico, where many of them now are penniless, was denied to men who left the country to evade the selective draft, in a letter addressed by Colonel Fred S. Breen of the Arizona district exemption board to the local selective board at Nogales, who recommended that such permission be given.

In his letter Colonel Breen said that men who had fled to evade the draft now were classed as deserters and that a reward of \$50 was offered for the arrest of each.

The letter containing the recommendation from the Nogales board stated that the board had been officially informed by the American vice-consul at Guaymas, Sonora, and by others that there were "many men in Mexico who absconded from the United States to evade military service."

"Some are penniless," said the letter. "Some who have means are willing to return to the United States for military service if assured they will be sent to camp with no court-martial or punishment."

**TO ACCUSE BOLO**  
PARIS, Oct. 15.—Captain Bouchardon, the examining magistrate for the court-martial of Bolo Pasha, the French financier who is charged with sedition, has received the deposition of Signor Sottalana, according to a note issued by the government.

The Math says Sottalana is an Italian teacher of singing, long resident of Paris and a friend of Signor Cavallini, an Italian, who was the intermediary between Abbas Hilmi, former khediv of Egypt, and Bolo Pasha.

Cavallini, according to this newspaper, arrived in Paris April 1, 1915, and asked Sottalana to accompany him to the Credit Lyonnais, where he cashed a check for a million francs, adding to this another million francs in bills. He took the money to the Hotel Place Vendôme, which he entered alone, and later came out with a man whom he introduced to Sottalana as Bolo Pasha.

## U. S. INSURANCE PLAN OUTLINED

WASHINGTON, Oct. 15.—Samples of the insurance policy which the government will write for its soldiers and sailors were made public last night by the war risk insurance bureau of the Treasury Department. Plans for placing the policies into effect will be outlined here next Tuesday at a conference of treasury officials with representatives of the navy and officers and enlisted men at the thirty-two cantonments.

Details of the policy disclose that risks will be written upon the lives of men and women between the ages of 15 and 65 in all branches of the army, navy, marine corps, coast guard, naval reserve, national naval volunteer corps and any other branches of the United States service serving "with the army and navy." Announcement was made also that "rates at ages higher or lower will be given, upon request."

**RATES GIVEN.**  
Premiums, computed on a monthly basis, vary between 63 cents per \$1000 at age 15 to \$3.35 per \$1000 at age 65. Between 21 and 31 years, the following monthly premiums will be charged per \$1000 of insurance (the limit being \$10,000): Twenty-one to 23, inclusive, 65 cents; 24 and 25, 68 cents; 26 and 27, 67 cents; 28, 68 cents; 29 and 30, 69 cents; 31, 70 cents.

During periods of total disability the insurance will be paid, not in one lump sum, but monthly for twenty years, should the disability continue for that period. Should death occur before twenty years, the remainder of the policy will be paid at once to the beneficiary. At the age of 25 the monthly installment for the twenty-year period would be \$5.75 per \$1000 of insurance.

**FAMILIES PROVIDED FOR.**  
Provision is made for family allowances, for wounded and crippled, for compensation in case of death or injury without cost, and for insurance at very small cost.

## CAMP READY FOR NEW 7000 QUOTA

SPECIAL TO THE TRIBUNE.  
CAMP LEWIS, American Lake, Oct. 15.—Everything is in readiness for the reception of the fourth quota, comprising about 7000 men, due to arrive in the camp Wednesday. In addition to the 7000 there will likely be a considerable number of drafted men who failed to report with the third quota. Yesterday 100 men of the signal reserve corps arrived to form a part of the intelligence department of the ninety-first division. The men are all highly trained and were chosen for their experience and capabilities for the special line of work.

Many captains who were ordered to Fort Sill shortly after their arrival from the Presidio have returned to Camp Lewis.

Major-General H. A. Greene, commanding the Ninety-first division, is making a fight to keep vice conditions under control in order that the physical fitness of the division shall not be impaired. He threatens to put a ban on the men going to Seattle unless conditions there are cleaned up. He told a committee from Seattle yesterday that he had gathered a lot of information about the Seattle conditions from reliable and independent sources and that he knows he is correct with the vice conditions in Seattle are bad. The delegation retired, convinced that the General could not be swayed from his course.

Major Greene spoke yesterday in two Tacoma churches on the subject of vice. Baseball was the order at camp yesterday. The 533rd regiment beat a semi-professional team from Russ Hall by a score of 2 to 0. Hickey, formerly Santa Clara University twirler, did the flinging for the regimentals, with Harrington, formerly of the Olympic Club, on the relieving end.

Time for the physical examinations was up today, and it is understood that a number failed to report to the physicians.

## KILLED BY CAR IOWA IN DRY VOTE

SAN FRANCISCO, Oct. 15.—Traveling at a high rate of speed, an inbound Third street car struck an open switch at Eighth street early this morning, turned the corner and ran down and killed Michael Capres, a laborer of the Union Iron Works, 32 years old, living at 82 Rich street.

The motorman, Rudolph Tauscher, was arrested and charged with manslaughter.

**Your Child Must Be Strong**

Nature starts most children right, and it is the parents' duty to keep them so. Happy spirits—eager appetite—deep refreshing sleep—the love of vigorous play—all these things a child must have in abundance now, if the budding man is to be adequately equipped to conquer in life's battles.

**Gude's Pepto-Mangan**  
"The Red Blood Builder"

This time-tried tonic promotes energy and health by enriching and purifying the very stream of life—the blood. If your child is pale, nervous, and easily exhausted; if he is a spectator rather than a participant in the health-making games of childhood; if a course of Pepto-Mangan. A beneficial result can be expected unless the child has an organic disease.

Pepto-Mangan wards off anemia, and strengthens the constitution by putting iron in the blood, and creates multitudes of vigorous red blood cells; the poisons which generate in thin, sluggish blood are driven out. Rich red blood invites robust health, and invigoration is usually accepted.

Children like Pepto-Mangan because of its sparkling color and its pleasant aromatic taste. It cannot impair digestion or injure the teeth.

Friendly Warning: Make certain that you get genuine Pepto-Mangan—Gude's, as there are many counterfeits. True Pepto-Mangan is never sold in bulk; it comes only in packages and bottles as pictured here. Read the circular wrapped around the bottle.

Pepto-Mangan is made only by

# DIGNAN'S SALARY REDUCTION VOTED

The reduction of the salary of James Dignan, storekeeper at the County Infirmary, advice from the County Inspectors Commission, was made effective on October 23, by a resolution adopted this morning by Supervisors Murphy, Mullins and Poes. Supervisor Hoyer voted against the measure. The subject was Mr. Kelle, being absent. The executive session of the board, which occupied the entire time usually given to the regular meeting, began at 12 noon. The meeting scheduled for 10 o'clock was opened by Chairman Murphy in the new supervisory chamber in the north annex, where thirty or more taxpayers had been waiting for two hours.

From \$15 a month and maintenance to \$150 a month without maintenance, was opposed by Supervisor Hoyer, who decried the measure as a "tax on the poor." It was raised rather than lowered. His proposed

there has been no change in the salary of this position," he said, "and Alameda county should be the last to reduce the pay of a faithful official in these times of rising prices. This difference is too

**RESOLUTIONS FAVOR.**

Petitions signed by Oakland business firms, declaring that the delivery of goods and materials is often made necessary by shipping connections and that a storekeeper should reside on the ground where he can be available at any time were presented in favor of Dignan. The reduction was carried, however, by a vote of three to one.

Architect Henry H. Meyers' plan for the modern and up-to-date unit at the Livermore Tuberculosis Sanitarium for the open-air treatment of incipient dis-

A request from County Physician Frank Chaffe of Napa county that negotiation be entered into for some arrangement whereby tuberculosis patients from that county can be admitted to the Livermore sanitarium was read and referred to the County Institutions Commission.

For the establishment of a temporary adequate water supply for the sanitarium the district attorney was authorized to make a contract between the county and the Cresta Blanca Vineyard Company of Livermore. The rate will be twenty cents a thousand gallons.

A petition signed by twenty-eight women inmates of the County Infirmaries was filed, asking that Dr. Minora Kibbe be retained as visiting physician. Dr. Margaret Mahoney of San Francisco, taxpayer in this county, also addressed the board on the same subject, declaring

The resignation of Annette S. Powe  
558 Apgar street, as a member of the  
Board of Public Welfare of Alameda

The General Motor Transportation Company was granted permission to operate six motor buses with a carrying capacity of twenty-five passengers each between Oakland and San Jose. The permit, which is for the period of one year and revocable at the pleasure of the board, is made subject to the payment of an annual license of \$150, payable quarterly in advance.

SAN FRANCISCO, Oct. 15.—The case of former Police Commissioner

Harry P. Flannery, owner of the Richeleu saloon, Geary and Market streets, indicted for conspiracy with his bartender, Thomas Gemmel, for selling liquor to soldiers was called before District Judge Van Fleet in the Federal court this morning. The case has been continued twice because of illness of Flannery. When a third continuance was requested this morning for two weeks, Assistant District

opposed it and stated that he was not satisfied that Flannery was ill, in spite of the doctor's certificate presented. Judge Van Fleet then set the case for arraignment Wednesday and requested that government physician examine the indicted man.

street, who was indicted for selling liquor to soldiers, was not in court this morning when his case was called and a bench warrant was issued for his apprehension. He has been at liberty on bonds of \$500.

# BANDITS ROB PASSENGERS, SHOOTING ONE

ELKO, Nev., Oct. 15.—One person was shot and many lost valuables and money to a total value of several hundred dollars when four bandits held up a train on the Western Pacific branch line near Wendover last night. A posse is on the trail of the bandits.

According to local Western Pacific officials, the train was one running between Wendover, a desert terminal and Gold Hill. It is a "swing" train, carrying ore, passengers and freight. No express box is carried and it is thought here that money, if obtained by the bandits, came from passengers rather than out of any company fund. At a late hour today the general offices here and in San Francisco knew little or nothing of the holdup other than that there had been one.

# OIL REFINERY IS IMPERILED BY LIGHTNING

BAKERSFIELD, Oct. 15.—Fire burning 37,000 barrels of light crude oil—ignited by lightning in an open field—early today—threatens to spread to the \$500,000 Union Oil refinery. The fire started in the Kern river fields, five miles north of Bakersfield. The loss is already \$5,000. California, thirty miles southwest of Bakersfield, was struck by a cloudburst during the storm which swept this section. Communication was completely cut off and considerable damage is feared. Trains were stalled.

# Itching Burning For Twenty Years

In Pimples and Blisters, Lost Months of Time and Sleep. One 50-cent Box of Cuticura Ointment and One 25-cent Cake Soap Healed.

"I had blood poison and afterwards it would break out somewhere, but mostly on my neck every summer when I was overheated. The breaking-out was in pimples and blisters with intense itching and burning, and I could not help scratching. Last month of time I was never free from the itching and burning. I saw an advertisement for Cuticura so I bought a cake of Cuticura Soap and a box of Cuticura Ointment, and I was completely healed." (Signed) T. J. Bradley, R. 3, Box 111, San Diego, Calif., Feb. 21, 17.

When Cuticura cleared your skin of pimples and redness keep it clear by using the Soap assisted by the Ointment for every-day toilet purposes. Absolutely nothing better.

For Free Sample Each by Return Mail address post-card: "Cuticura, Dept. H, Boston." Sold everywhere. Soap 25c. Ointment 25 and 50c.

# DRINK HABIT

RELIABLE HOME TREATMENT. Thousands of wives, mothers and sisters are enthusiastic in their praise of Orin, because it has relieved their loved ones of the "Drink Habit" and thereby brought happiness to their homes. Can be given secretly.

Orin is prepared in two forms: No. 1, secret treatment; Orin No. 2, the voluntary treatment. Costs only \$1.00 a box. Ask for booklet, Osgood Bros., 15th and Washington and 7th and Broadway.—Advertisement.

# More Deadly Than A Mad Dog's Bite

The bite of a rabid dog is no longer deadly, due to the new famous Pasteur Treatment, but the slow, lingering death of uric acid, as is sure and inevitable as day follows night.

Your druggist sells them. Absolutely guaranteed or money refunded. Beware of imitations. Look for the name GOLD MEDAL on every box.—Advertisement.

# Biggest Week Yet in Bond Drive Parade, Billy Sunday Features

BUYING LIBERTY BONDS IS SAVING.

Savings accounts in the belligerent countries of Europe have increased in greater proportion than ever since the outbreak of the war. What does that mean?

There is but one answer—the people are saving from their current incomes. Their current incomes are greater than ever because of the huge purchases necessitated by the war, because of the government activity in all lines of industry and because of the war loans which have been issued.

The effect of the successful subscription of this Second Liberty Loan (as of the first) and the huge purchases necessitated by our government, and by our Allies in this country, have and will create a situation where every man and woman who is capable of working may have more work than ever before in their lives, and at good pay.

The great selling campaign now being carried on to dispose of Liberty Bonds of the second Liberty Loan of 1917 will stimulate more thrift and more saving by the American people. The result will be that you, who now buy Liberty Bonds from your current savings, will find that you are acquiring the saving habit, and you need have no fear that your income will be curtailed during this period.

BEGIN TO SAVE TODAY—BUY A LIBERTY BOND.

The third week of the Liberty bond "drive" in Alameda county is under way.

With approximately one-third of the minimum allotment subscribed to date citizens of the county must dig deeper into their pockets. Ten millions is the very least the county must invest. This means that there can be no financial slackers, none who lag and say "Let George do it." Have you bought a Liberty bond?

Impetus to the big "drive" will be given by two events of the next seven days: the Liberty parade, Saturday afternoon, and the appearance of the Rev. Billy Sunday at a monster mass meeting in the Municipal Auditorium Monday afternoon.

Ten thousand fighting men from Uncle Sam's army, 5000 fighting men from Uncle Sam's navy, will participate in the Liberty parade, Saturday afternoon, marching to the music of their own bands.

The Rev. Billy Sunday will slip into Oakland Friday Monday afternoon. He comes to talk Liberty bonds, to drive home the necessity of buying Liberty bonds as he has driven home the necessity of every man and woman living a Christian life.

For the moment Liberty bonds have become a religion with the famous evangelist. "Ma" Sunday is just as enthusiastic as he is and Oakland folks expect to have Mrs. Sunday with them for the afternoon.

The mayor and municipal officials, all the Oakland ministers, the directors of the Merchants' Exchange, officers of the Chamber of Commerce, Rotary Club, Kiwanis, the Y. M. C. A., every civic organization in the city, every woman's club, the Ladies of the G. A. R., will act as vice-presidents. Alameda and Berkeley city officials will be invited.

The Liberty loan campaign committee has added to this list the following business and professional men, headed by W. W. Garthwaite, J. E. Carlston, George S. Meredith, J. E. Biddle, J. T. Egan, E. E. Geary, H. H. Fair, Charles Downey, J. R. Miller, F. C. Martens, E. A. Vandeventer, Ben Wohlner, P. A. Dinsmore, J. F. Connors, Walter Manuel, A. W. Moore, W. K. Cole, Walter Cole, Sam Donohue, Russell Lowry, Robert McMullen, Joseph H. King, Joseph J. Rosborough, Glen C. Barnhart, H. C. Capwell, Percy Murdoch, William Cavalier, J. R. Knowland, W. W. Chapin, Fred Kahn, Dr. S. H. Buteau, W. H. Leimer, Harry G. Williams, H. S. Robinson, A. Vander Nallen Jr., William A. Spooner, Robert Fitzgerald, Stuart Hawley, E. C. Kayser, Frank Leach, Adolph Verum, Frank Leach Jr., J. R. Robertson, J. M. Santant, J. L. Olva, V. O. Lawrence, Dr. J. L. Pease, Dr. A. S. Kelly, Peter J. Crosby, B. A. Forsterer, John P. Maxwell, B. F. Edwards, John D. Holmes, Miss Ethel Moore and Mrs. Oscar Loun will form the nucleus of a woman's reception committee to the evangelist.

BOY SCOUTS' CAMPAIGN. Beginning Saturday the Oakland Boy Scouts of America will launch their "bell ringing campaign" to raise \$100,000 for the Liberty loan. Every householder in the city will be canvassed by the Scouts. The city has been divided and not a "door bell" will be overlooked.

The kind of co-operation on the part of the employer, which is calculated to sell Liberty bonds to employees is demonstrated at Taft & Pennoyer's. Friday morning Lawrence F. Moore spoke to a meeting of the employees. Following up Moore's talk, W. H. Thelle, assistant credit manager, secured a large number of application blanks and is making a personal canvass of the employees.

Clerks and others employed by the department store invested liberally in the first issue of Liberty bonds and many have completed their payments on the first bonds and are in the market for the new bonds. Less than 25 per cent of the employees failed to subscribe to the first bonds.

LIBERTY BOND BUYERS. During the two hours of banking hours Saturday forenoon the Oakland Bank of Savings reports Liberty bond investors among its clients as follows:

- Six thousand dollars—John Bakewell.
- Five thousand dollars—Santa Cruz Portland Cement Company.
- One thousand dollars—J. H. Smith.
- Five hundred dollars—S. E. Coleman, George F. Foy, G. W. R. Ford Company, B. T. Atkinson.
- Four hundred dollars—Vernette L. Gibbons.
- Three hundred dollars—Clara Hagar.
- Two hundred dollars—Walter Suddeston Graves, Lillian M. D. Shields.
- One hundred dollars—Walter A. Stafford, Charles Wilhelmson, Charles Simmer, W. H. Starkey, Mrs. Josephine Yuill, Neva Gallbreath, Charles Williams, L. L. Sherman, Edward H. Geary, William J. Fisher, Luella E. Curtis, Jennie M. Wood.
- Fifty dollars—Mrs. Sarah B. Dunn, W. H. Martin, Mary A. Osborn, Sarah Haselthorn, Marion Promley, Avis Osborn, Alice Phillips, Mary A. Darby, George Chas. Walter, Frank Honsberger, Mrs. Ellen Hopper, Mrs. Robert Ritchie, Elsie M. Dodge, Mrs. Anna

# TELLS ROOT OF GREEK TROUBLES

"The struggle in Greece during the last few years has been a struggle between free government and absolutism," said Mrs. Francis G. Allinson, speaking this morning on "Greece," in one of the series of war lectures being given at Mills College. "Constantine, the King, represented the ideas of Germany, Venizelos, the statesman, represented the ideas of the allies—our ideas."

Mrs. Allinson is a noted classical scholar who has made a study of the history and people of Greece. She continued:

"Venizelos believed in the allies, who had made possible the freedom of Greece. Constantine posed as a neutral, but really believed in Germany and his imperial brother-in-law. The Germans brought every possible influence to bear. Even the church was constrained by the court to attack Venizelos."

"Finally Constantine was forced to abdicate, while Venizelos, who is one of the greatest men of the present day, went to work to heal the wounds of Greece. Venizelos, now in power, has announced in parliament that Greece is giving royalty one last trial, that if the king fails, there shall be a republic."

# JUDGES TO SPEAK AT LEGAL SCHOOL

The Oakland Institute of Law is at present conducting a series of lectures each week for the benefit of the many students who have enrolled in the school. These lectures are delivered by prominent judges or attorneys who are particularly able and proficient in the subjects of their addresses.

Last week Judge Murphy, a well known local jurist, addressed the assembled students on the subject of "Code Procedure," which was admitted to be one of the strongest and most helpful addresses yet delivered to the students.

The forthcoming lectures will be delivered by Robert Fitzgerald, the well known Oakland attorney on "International Law." Following him will be addresses given by Judge Donahue, Judge Quinn and Judge Osterlander on subjects to be announced.

These lectures will take place on Wednesday evening of each week in order not to interfere with the class recitations scheduled for other nights of the week.

# A S K PROMOTION

WASHINGTON, Oct. 15.—Resolutions urging the War Department to promote Brigadier General C. C. Ballou to major general and place him in supreme command of the division of colored soldiers to be raised were received by Secretary of War Baker today from the Iowa state negro bar association.

# PERISCOPE IS NAME OF ARMY Y. M. C. A. PAPER

The first issue of the Presidio Periscope, published by the Army Y. M. C. A. in the interests of the officers' training camp, and of which the Rev. Albert W. Palmer, pastor of the Plymouth Congregational Church is associate editor, has made its appearance. The little paper contains a fund of information about Y. M. C. A. camp activities. Associated with the Rev. Mr. Palmer in production of the paper are B. M. Cherrington and C. A. Spaulding. The declared object of the publication is to enable the camp to get acquainted with itself and the other camps and to give publicity to the Y. M. C. A. activities.

# PHYSICAL COURSE IN HIGH SCHOOLS

SACRAMENTO, Oct. 15.—Practically all of the high schools in the state have established courses authorized under the new physical educational law, according to Will C. Wood, commissioner of secondary schools. The courses have become popular, even in the country district, he said.

# Busy, Hard-Worked Men and Women

Will find that the sarsaparilla, Pepton, and iron treatment comprised in Hood's Sarsaparilla and Pepton will give brain and nerve force, relieve the nervous strain incident to "too much to do in too little time," characteristic of life today.

These blood and nerve medicines seem to lift the nervous and overworked into new life, enabling them to accomplish easily the things that have fretted them and have seemed to bring them to a standstill. Hood's Sarsaparilla and Pepton are very effectively supplemented by Hood's Pills, in cases where a laxative is needed. These three preparations are all sold by your druggist. Get them today.—Advertisement.

# Madam, All Petticoats Are Not Alike!

Before You Buy Another Petticoat Make These Comparisons!

YOU are mistaken if you think all petticoats are alike. And you will do yourself an injustice if you buy another petticoat without knowing wherein the difference lies. That is why we ask you, for your own sake, to make these comparisons.

## Compare the Waistband

Pick up any petticoat and look at the waistband. See how the elastic is attached.

Only in the *Eppo* Petticoat will you find the elastic sewed through and through in such a way that you cannot stretch it to more than one-fourth its total length! All other elastic waistbands must "go dead." Only the *Eppo* waistband maintains its elasticity for years!

## Compare the Placket

Note how petticoat plackets are made. Compare others with the *Eppo*. Note that the *Eppo* placket is made in one continuous piece to eliminate any chance of ripping. See how the *Eppo* placket is reinforced with an invisible strip of canvas to prevent the glove clasps from tearing out. See how convenient is the side closing at the front.

## Look at the Bottom

The braid protected bottom, which is exclusively an *Eppo* feature, will meet with your instant approval. No danger of

the edge of your petticoat becoming worn or ragged, while the rest of the garment is perfectly good. This is one of the features of which we are especially proud.

## Other Considerations and Comparisons

Consider the niceties of *Eppo* construction, the workmanship of the seams—they're made to wear—not merely to hold the garment together for a limited time.

The two clasps at the top of the placket are not absolutely necessary—simply additional precaution against accident.

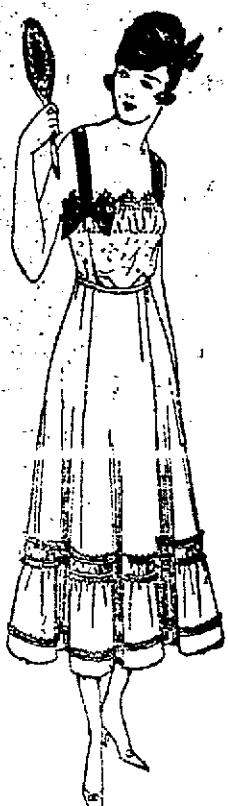

So it goes through every detail of their manufacture—no skimping—always a little better than seems absolutely necessary.

That's why we are willing and proud to sew our label in the waistband, to identify it from other petticoats—and that's why we ask you in fairness to yourself to compare it with others.

Try on an *Eppo*—see how beautifully it fits—how conveniently it fastens. Note the splendid materials and exquisite designs—and then make your choice.

*Eppo* Petticoats are made in best quality Taffeta, Jersey tops, all Jerseys, Messalines, Wool Jersey and a wide variety of cotton materials.

Fifty shades to select from.

# HERE'S GOOD CHANCE TO BENEFIT LIBERTY BOYS AT CAMP LEWIS

## Go to Orpheum Next Monday Night And Help Secure Baseball Outfit

### AID SOLDIERS BY SEEING VAUDEVILLE

### THIS BILL WILL PROVIDE LAUGHS EASY WAY TO AID U. S. SOLDIERS

"You cannot eat your cake and have it too," said the poet. Which poet is lost in the mazes of antiquity, but anyway it was accepted and has been ever since as a fairly accurate summing up of things that are and things that cannot be.

But it takes an exception to prove the rule.

And this exception will be next Monday night, October 22.

Usually you cannot help a worthy charity or a move for the betterment of the aid of somebod without a certain amount of sacrifice or effort. But this time it is going to be different.

You can help Uncle Sam's Liberty Boys at Camp Lewis and GET A BIG BENEFIT OUT OF IT YOURSELF.

How?

ATTEND THE ORPHEUM MONDAY NIGHT, OCTOBER 22!

Remember the date! Reserve your ticket! Be there STRE!

The boys at Camp Lewis—the Oakland boys—your boys—and the boys from other cities in the state—some of them their cousins, perhaps, or their chums in school or in college—need baseball equipment and athletic supplies, and need them badly. They need diversion, for army life is hard at best, and baseball, the Great American Game, is one of the best and cleanest that can be given them. So giving them baseball equipment is doing them one of the biggest favors that can be done; nay, more, it is actually increasing the efficiency of the Army of Democracy.

That is what YOU will be doing when you buy a ticket to the Orpheum for Monday night, October 22. Through arrangements made by the TRIBUNE with Harry E. Cornell, the Orpheum manager, every cent over

It's not often you can help an army by laughing. Next Monday night will be one of those times.

Here are the attractions you will see on Monday night, October 22, when the proceeds of the Orpheum performance will be turned over to THE TRIBUNE baseball fund for the boys at Camp Lewis. Look 'em over:

**"THE NIGHT BOAT"**  
One of the brightest, snappiest comedies of the year. John B. Hymer, who wrote it, is famous for his wonderful vaudeville works—and this is among his best.

**GEORGE MARCK'S JUNGLE PLAYERS IN "THE WILD GUARDIANS."**  
Here's a play in which four enormous lions work with the actors. The only lionine thespians in the world. Not a trained animal act in the usual sense of the word—a real play.

**KITNER, HAWKSLEY AND McCLAY**  
In their nautical travesty, "The Stowaway." Guaranteed good for a laugh or two.

**MARIE STODDARD**  
"The Vaudeville Caricature." A lady with a sense of humor as broad as the Mississippi.

**LILLIAN GONNE AND BERT ALBERTS**  
Remember "Sassy Little" in the original Gus Edwards' "School Days" when the Orpheum was

the house expenses on that night will go to the TRIBUNE's baseball fund for the Liberty Army.

The TRIBUNE will forward it in turn to Captain Edwin B. Callahan, the athletic officer at the camp. Captain Callahan wants this equipment as soon as possible. The need is greater with every increment that arrives.

Won't YOU help?

It will be no sacrifice. You'd go to a show anyway—just make it October 22 and make it the Orpheum. You'll see one of the greatest all-Orpheum vaudeville bills of the season, too, a bill that will not only be an amusement for the moment,

### MRS. FARR WINS ACTION FOR DIVORCE

Mrs. Blanche S. Farr, daughter of William E. Sharon, was granted a divorce today from Harry St. S. Farr, insurance broker of San Francisco.

The divorce was granted by Superior Judge Trabucco of Madera county, sitting for Judge Harris, and Mrs. Farr was granted \$100 a month and custody of the two children of the couple.

Mrs. Sharon was the corroborating witness for her daughter. Farr was represented by Attorney Christine Turner of San Francisco but the appearance was formal only, and the divorce virtually was uncontested.

The Farris, both of whom are prominent in Oakland society, separated some time ago. The divorce complaint, filed today, charges neglect of domestic duties and responsibilities amounting to cruelty as the principal allegation.

The specific allegation is that the defendant has for some two years frequently absented himself from the family home without explanation for days at a time, and that while his income was sufficient to the household requirements, he spent it for other purposes, allowing bills to accumulate, greatly to the plaintiff's humiliation.

On the first of January, this year, Mrs. Farr complains, her husband left her without explanation while they were attending a social function at the Palace Hotel, failing to return until the following day.

Mrs. Farr further complains that her husband has for two years failed to show any interest in the family home or his wife and children, and that he has neglected continually to take any part in the care of the children during that time.

The family income is given as \$400 a month. The Farris were married June 5, 1902, and have two children, William Sharon Farr, aged 14, and Frederick Farr, aged 7. The separation leading to the action for divorce occurred February 1, the present year, since which time the defendant has refused to return to the family home at Pacific avenue, Piedmont.

The answer of the defendant is contained in a single paragraph and denies categorically all the material allegations except as to the family income. The answer makes no explanation and sets up no other defense than the denial.

### EBELL NAMES HUNDRED TO AID BIG LOAN

A Liberty Loan committee of 100 prominent women chosen from its membership is being named by the board of directors of Ebells, of which Mrs. James A. Vandegrift is president.

The organization of the large body of women who will devote their efforts to raising a goodly percentage of Oakland's quota of the second war bond has been in progress for the past week.

This announcement of plans is considered by the president of Ebells a fitting reply to the controversy—engendered rumor that Ebells is not in favor of furthering the Liberty Loan campaign.

In declaring her attitude and the stand of the membership of the pioneer woman's club of Oakland to Joseph King, president of the Chamber of Commerce and leader in the Liberty Loan campaign, Mrs. Vandegrift is outlining the plans which have already been perfected for the patriotic service of the strong club. The communication is occasioned by the public announcement that Ebells, through its board of directors, had refused to listen to the speaker whom the Liberty Loan committee desired to send to the club on behalf of the national fund.

**INDIGNANT AT CHARGE.**

The board of directors and members are indignant at the charge which has been lodged against them. Mrs. Vandegrift this morning, discussing the situation, said:

"We are preparing a communication to Mr. King, assuring him of our hearty co-operation and outlining the plan which we have been following from the beginning of hostilities, pledging ourselves to meet every issue of the national crisis. We are going ahead with the naming of our committee of 100 for Liberty Loan work."

"When I received the proclamation of Governor Stephens asking that a special patriotic meeting be arranged by the women's clubs I had already made plans for the program of that day, but we decided to turn our last Tuesday's luncheon into such a gathering as the members to be in the Pacific avenue, Piedmont."

The answer of the defendant is contained in a single paragraph and denies categorically all the material allegations except as to the family income. The answer makes no explanation and sets up no other defense than the denial.

### SEEKS NEW LIGHT UPON LIGHT RULE

Chief of Police Nedderman decided today that he will order no arrests in connection with the proposed enforcement of the new State motor vehicle law regarding the ray angles of automobile headlights until he has received an opinion from the State department at Sacramento interpreting the act.

An informal opinion from District Attorney W. H. L. Hynes is to the effect that any headlight containing a lens which disseminates the rays of the light so as to prevent the blinding of persons riding in an opposite direction or of pedestrians, conforms with the act.

Chief Nedderman has taken up the matter with H. A. French, head of the motor vehicle department, and it is probable that an opinion will be asked from the attorney general. In the meantime the testing station conducted by the police in Clay street, near Fifteenth, is being worked overtime at night, hundreds of auto owners applying to have their lights tested.

The question now to be decided is whether or not the patent lenses that diffuse the light rays are within the provisions of the law without adjustment.

### MERCHANT MARINE IS TAKEN OVER

America's merchant marine today was commandeered for war duty. The order of the shipping board requisitioning all privately owned American vessels of 2500 tons or over went into effect this morning.

According to the estimates of the shipping board some 450 ships aggregating a tonnage of approximately 1,500,000, passed into the control of the United States government.

These ships will be directly under the control of Edward F. Carey, director of operations and the chartering board.

Twenty-two steamers with a carrying capacity of above 2500 tons dead weight each, in addition to thirty-two tankers owned by two principal oil companies, aggregating a total of more than 250,000 tons now plying San Francisco bay, will be requisitioned.

The principal vessels to come under the command are:

Grace & Co.—Colusa, Santa Cruz, Pennsylvania.

Oceanic Steamship Co.—Sierra, Sonoma, Ventura.

American-Hawaiian Company—Mexican, Texan.

Matson Navigation Co.—Mauri (turbine), Matsonia, Manoa, Wilhelmina, Lure, the Hydoras.

Pacific Mail Equator, Venezuela, Colombia. (The Pacific Mail boats that run to Panama are all under the 2500 ton gross limit.)

China Mail—China, Nanking (formerly the Congress).

Pacific Steamship Co.—President, Governor, Harvard, Yale, Umatilla, Queen. (The Admiral Schley and Dewey are below the gross tonnage limit.)

The tankers are owned by the Standard Oil, Union Oil and Associated oil companies.

A series of conferences will begin immediately to determine what shall be done with the vessels. For the most part individual ships will be turned back to their owners to be operated under the direction of the chartering board at rates to be set by that board. This step is taken to keep the shipping board power over ocean-going vessels and to prevent the freight rates from American ports.

### DAMAGE TRIAL ON

An imposing array of legal talent was present in Judge Everett J. Brown's court this morning at the opening of the trial of the damage case growing out of the breaking of the levee restraining the impounded water in the Alameda marshland. A. D. Wilson is suing the Standard American Dredging Company and others for \$41,160 and costs, and it is understood that if the suit is successful a number of others will be fought out on the same basis.

The answer of the defendants is substantially that the overflowed land was benefited by the break in that the surface was raised from two to three feet, materially offsetting the temporary injury.

California Land Show, Eighth and Market streets, San Francisco.

### AUTOISTS HEARD

Cases involving the arrest of three automobile drivers who are accused by the police of violations of the law in driving their cars, were continued in the police court today until tomorrow.

John Smith, who lives at the Caldwell apartments, Twenty-first and Harrison streets, is accused of having run down George Berry of 416 Fifteenth street at Broadway and Oakland streets. He is alleged to have been under the influence of liquor at the time. Albert Walters, who accompanied him, was also arrested.

The case of Rudolph Chapdelaine, an expressman, was continued pending the filing of a formal complaint. He was arrested by Special Officer Thomas Lloyd at Thirteenth and Jefferson streets, who says he attempted to drive his auto while under the influence of liquor.

### HONOR CORNELL

Members of the Merchants' Exchange, Elks, Moose and several other organizations will gather tonight at the Oakland Orpheum for "Harry Cornell Night," a theater party arranged under the auspices of the Merchants' Exchange in honor of Harry E. Cornell, the new manager of the theater, and a former director of the exchange.

Welcome will be extended the managers by Judge John W. Stetson in a brief address before the curtain. The regular Orpheum performance will be given.

## GIRL SEEKS DEATH; TELLS LURID TALE

Stepdaughter of J. T. Moore, Formerly of This City, Leaps From Window in Chicago

"Actress" Who Claimed to Be Sadie Burt and Wife of Millionaire, Is Dorothy Crosby

Is the "Sadie Burt," actress, who leaped from a hotel window in a suicide attempt in Chicago today, Dorothy Moore, school girl in Oakland a few years ago? This is the puzzle schoolmates of the former Oakland girl are working over, following the news of domestic trouble, mingled with the glories of stage lights, and a suicide attempt, surrounded with a haze of tangled identities that makes the case puzzling.

The Chicago authorities are trying to identify a woman who hovers between life and death in a hospital following her leap from the window. She told them, in a moment of consciousness, that she was Dorothy Crosby, daughter of John T. Moore, former Oakland broker, and she was known on the stage as Sadie Burt. She came East, she said, with the "So Long Letty" company.

The Moores, who made their home at 468 Forty-fourth street, left Oakland some time ago. John T. Moore Jr., whom the injured woman says is her father, was manager for the Ford & Johnson Company in 1911.

**LEAVES RICH HUSBAND.**

The injured girl, according to Chicago authorities, who arrived Oakland for information, asserts that she was married to Fred Crosby, a Minneapolis millionaire, but Minneapolis authorities deny knowledge of such a person. She declared that she and her husband quarreled and separated and that she went on the stage. Later she admitted she never had been married. Recently she says she met a man named Hugh Wittenburg, a bond salesman, who had promised to introduce her to a wealthy man who would help her.

This plan fell through, she says, and, dependent and penniless, she resolved on suicide. Wittenburg was arrested, but released for lack of evidence of any complicity in the suicide.

Local authorities are seeking details of the history of the Oakland girl whose identity is thus linked to the Chicago tragedy, to ascertain if the injured woman's story is true.

**WILL AID HER DAUGHTER.**

SAN FRANCISCO, Oct. 15.—Dorothy Crosby, who attempted suicide in Chicago, is the daughter of F. W. Crosby of Chicago, a son of the late W. Stephen Crosby, and an associate of James W. Patten, according to the girl's mother, who resides in San Francisco. The mother is now the wife of John T. Moore Jr., a local broker. Mrs. Moore said today her second husband lost his fortune three years ago and is now in a sanitarium.

"I sent Dorothy to Chicago to go to boarding school six weeks ago," said Mrs. Moore. "She is just 16. When she was not attending school she was supposed to make her home with her father's family. Dorothy has never been on the stage, although she was always anxious to be an actress. If she joined the 'So Long Letty' company I never heard of it."

Mrs. Moore said she would go to her daughter's assistance.

CHICAGO, Oct. 15.—"I'm through with cabarets. I'm going back home to mother in San Francisco," declared pretty 19-year-old Dorothy Crosby as she poured through the bars of her cell here today. Miss Crosby is held after an attempt to end her life by leaping from the window of a hotel.

The girl's aunt, Mrs. Spencer Crosby of

## FIRST LITTLE EVA RECALLS FATTEST ROLE

Oakland this week is entertaining the original "Little Eva" in the first production of "Uncle Tom's Cabin." It is not the little golden-haired girl that she was when she first appeared in the original "Little Eva" was a pretty husky young boy, and now, as an old man, is one of the best known theater architects and scenic designers in America. His name is Thomas A. Waltham, and he is in Oakland supervising the installation of new stage effects in the remodeled Oakland Orpheum.

Stevie's book was first put on as a play in Detroit, boys were often used for "girl parts." The new play was put on by a stock company in the theater in which a week later, Minnie Maddern (Mrs. Fisk) was in. Among those in the cast were Wally, who later became famous stars. McKee Rankin played a pianist in the cottonfields scene, being a very small boy at that time. There was Barney Macaulay, Joe Vining, Harry Barton, Richard Johnson, all of whom later became famous.

"It was on the old Athenaeum stage in Detroit," said the first Little Eva. "We had a great stock company—my father was the scenic artist, and also acted, and I used to be put in for girl parts, being about ten years old at the time. Later I began to help with the scenery, too, and then was sent to college to study architecture. I think 'Little Eva' was the 'fattest' part I ever had in those days, and I was awfully proud of it. The company thought the play would be a failure, instead of which it made a big hit, and in a short time had taken the country by storm. There have been a lot of 'Little Evas' since—but I'll bet I looked as pretty as any of 'em then."

## Arrives Just Too Late to See Daughter

Picking up the trail of her missing daughter, Mrs. Augusta Ross of Portland who arrived in Oakland last week only to find that the 17-year-old girl had again eluded her, discovered today with the aid of private detectives that the girl had taken a train from the Southern Pacific pier bound for San Diego last Friday afternoon. A few hours previous Mrs. Ross came to Oakland from San Francisco and went to a rooming house at 415 Twelfth street, only to find that the girl had left several days before.

Jane Ross left her home in Portland three months ago and her mother finally heard from her in the bay cities. She decided to come in person and assist in the search. Jane is unusually attractive, her mother fears that she has fallen into the power of designing persons who are assisting her to elude apprehension.

Mrs. Ross, 37, of 1244 Broadway, disappeared from her home at 1244 Broadway, first street, according to a report made to the police today. Her husband enlisted in the navy and her relatives think that she may have gone to San Francisco in hopes of seeing him before he sails this week.

Glencoe, said today: "You can't believe a word the girl says. We offered to give her a good home and educate her, but our simple Glencoe life was too slow for her. Her mother married my husband's brother, but was divorced from him and later married John T. Moore Jr. of San Francisco."

## DISAPPEARS AFTER AUTO OVERTURNS

John E. Williams, Who Is With Wagner When Car Turns Turtle, Cannot Be Located

Mother Saves Baby When Auto Is Upset in Effort to Avoid a Collision; Several Mishaps

Mysteriously disappearing after an automobile accident between Niles and Pleasanton, in which he is believed to have been seriously injured, John E. Williams, of San Jose, a teacher in the Modesto high school, can not be found today by his relatives or the police. Inquiry has failed to reveal any trace of the missing man in the hospitals of Oakland, San Jose, Niles, Pleasanton, Hayward, Livermore or Modesto.

According to a report to the San Jose police, Williams, in company with Paul Wagner, of 560 East St. John street, San Jose, also a teacher in the Modesto high school, started for Modesto in an automobile about 2 o'clock yesterday afternoon. The machine turned turtle between Niles and Pleasanton and both occupants lost consciousness.

Passing motorists gave assistance, and Wagner was taken to a hospital in Pleasanton, where he regained consciousness and then went on to Ceres, where the parents of Williams live. Wagner, whose injuries consisted of a broken arm, does not know what became of Williams. The wife and daughter of Williams, upon being notified of the accident last night, telephoned to nearly every hospital in Santa Clara and Alameda counties without finding him. They then asked police aid.

**SLEEP THROUGH ACCIDENT.**

While the automobile in which the child was an occupant swerved to avoid striking another at Nineteenth and Harrison streets last night, capsizing immediately afterward, the infant of Mr. and Mrs. B. E. Godkin, 1384 Eighth street, quietly slept on. Nine lives had been placed in jeopardy through the accident.

The car, shielded the child as the machine was overturned, according to the police. The party was just returning from the christening of the baby, P. J. Doran of 2006 Myrtle street, an inspector for the federal public health service, was driving the car. Doran was arrested by Sergeant Jack Sherry for driving after the accident. Fortunately no one in either car was hurt seriously. The other machine disappeared while the police were busy with the overturned car. Its unknown driver is thought not to have been injured.

With the Godkins were their four children, J. Ward of 1384 Eighth street, Mrs. May of San Francisco and Doran. Released on bail, Doran was told to appear before Judge Humphrey Smith today at police court. None of the occupants was treated at the hospital, their injuries being superficial.

**DRIVER IS SOUGHT.**

W. J. Herkenham is at Fabiola Hospital following an early morning Sunday accident, when the machine in which he was riding, with W. C. Abbott, 225 East Nineteenth street, was struck by another at Alameda and Piedmont avenues. Herkenham was thrown to the street. The police are looking for the driver of the other car, alleging that the driver did not stop and that the injury of the other men. Herkenham is suffering from lacerations of the neck, head and face.

Endeavoring to pass an automobile on the Foothill Boulevard yesterday, Paul C. Roth, E. Fourth street and Orinda avenue, a motorcycle rider received injuries when his machine turned turtle after too sharp a swerve. Roth was taken to the County Infirmary by D. R. Agnew, whose machine Roth endeavored to avoid, where he received treatment for superficial hurts.

Charged with driving an automobile while intoxicated, Rudolph Chadelain was arrested. He was allowed his freedom on \$1000 bond.

**KILLED UNDER CAR.**

Overtaking and crushing the occupants, a machine, driven by one who claimed to be Joseph Tang, garage owner of San Francisco, took the life of August Giebelheim, 60 Guerrero street, San Francisco, and seriously hurt his brother, Emil. The accident occurred near San Mateo on the State highway. Tang says that he lost control of the car. Giebelheim's sister was injured. The men were picked up by H. S. McGilvary, a San Mateo contractor, who took them to the Red Cross hospital.

The coroner of Santa Clara county is investigating all circumstances surrounding the death yesterday of George Pickert, iron moulder. He was injured Saturday night when two passenger motor buses crashed head-on on a narrow bridge near Santa Clara.

The following were injured in San Francisco, following automobile accidents: James M. Fay, 1157 Ellis street; Alexander Blackins, 551 Olive street; and Leo Alexander, 3895 Seventeenth street, all of whom were injured in a collision on Broadway street, near the intersection of Van Ness avenue sidewalk and dropped into a vacant lot. Benigno Garry, 245 Washington street, badly hurt when Bert Nelson, 82 Sixth street, San Francisco, drove into him while avoiding collision with another car.

SAN FRANCISCO, Oct. 15.—A broken steering knuckle severed a jitney driven by Albert Hobert, 129 Leon street, into an eastbound Ingleside car early this morning and caused injuries to the following:

Albert Hobert, lacerations of the scalp, Charles Stuchly, 17 Pearl street, lacerations of the face and body, Frank Zarzo, 1010 Haight street, fracture of left leg above the knee.

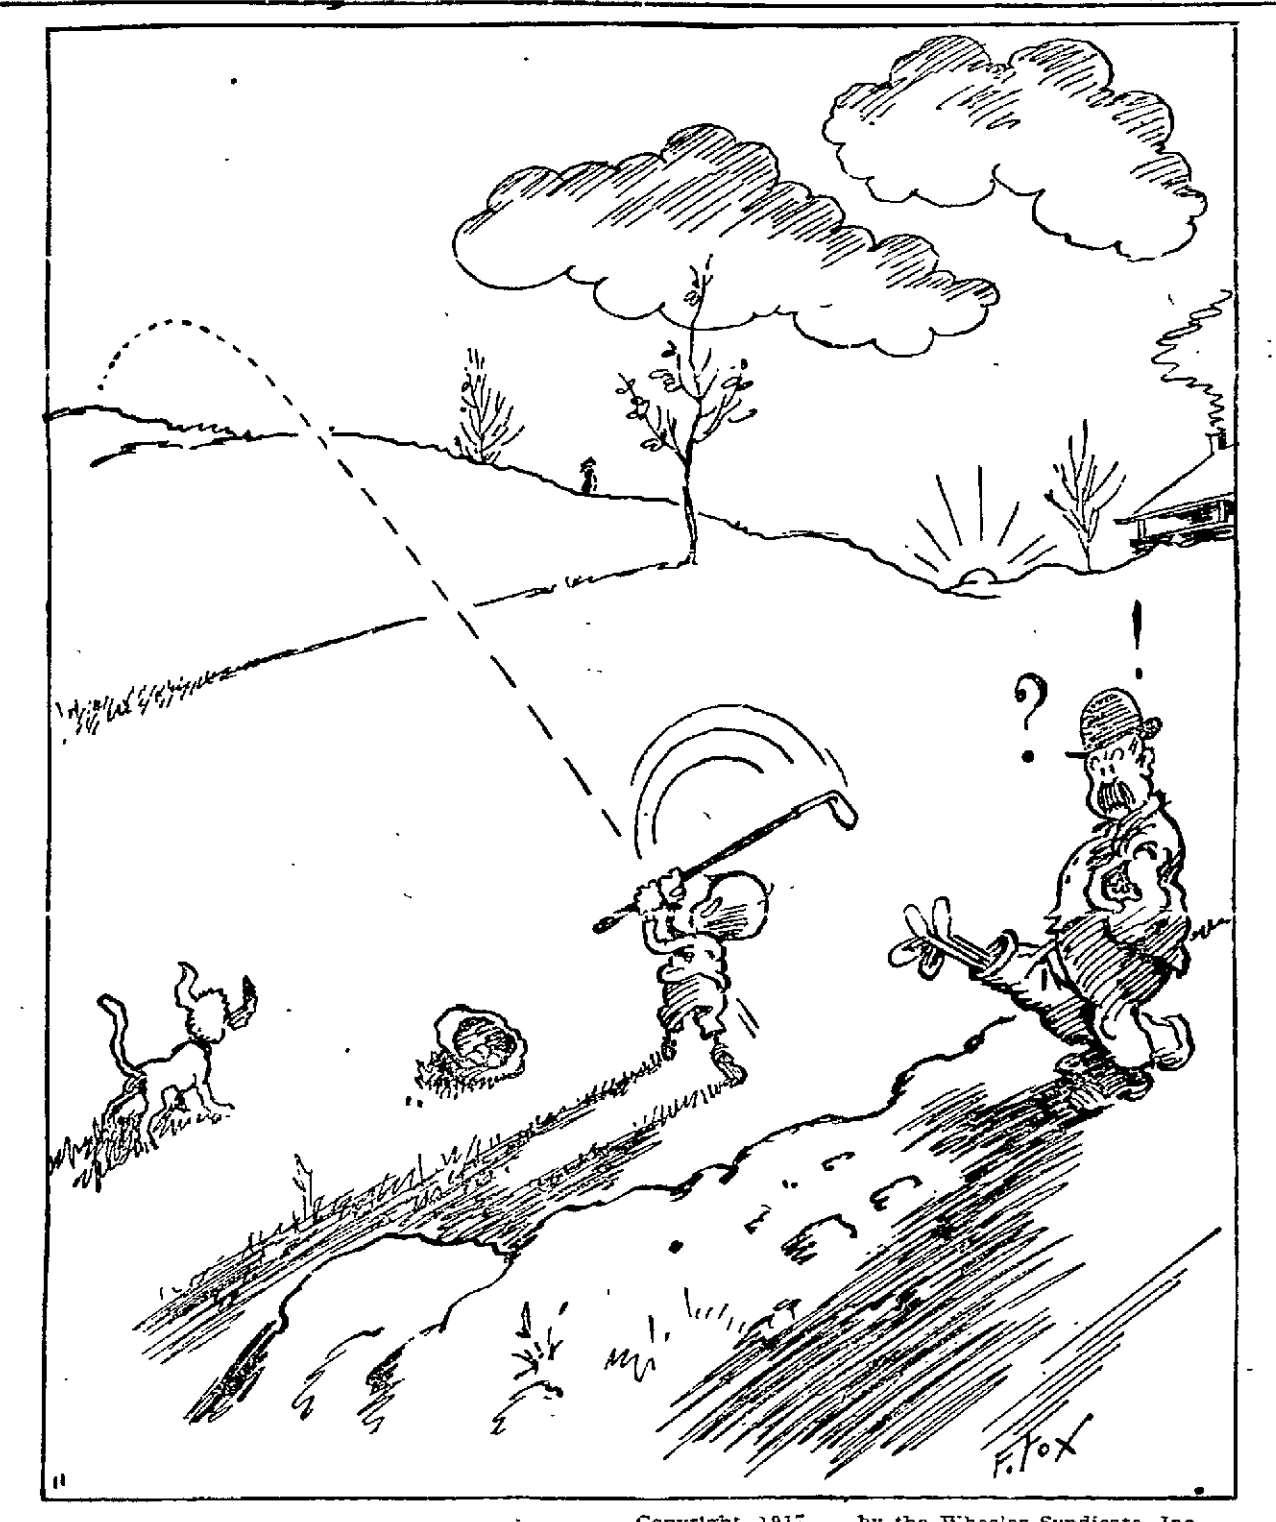

The accident occurred at Height and Devisadero. All were removed to the Park Emergency Hospital.

**GIRL STRUCK BY AUTO.**

SAN MATEO, Oct. 15.—Margaret Tallow, 12-year-old daughter of John Tallow of Belmont, incurred bruises and injuries when she was struck by an automobile driven by Frank P. Lanning of 1915 Fell street, San Francisco. She stepped off a motor bus in front of the machine, and says that the driver was not to blame.

## Y. M. C. A. MOVIES ARE 'LIVE ONES'

The "religious movie" of the stereotyped variety has no place on the programs offered the men of the army by the Y. M. C. A. Roy H. Campbell, work secretary of the organization, explained in an address at Calvary Congregational Church yesterday.

"We show movies, lots of them," he said, "but they are the regular kind with popular actors and actresses, the comedy shows and all the rest."

"The trouble with these so-called religious plays is that they are set up by men who know nothing of real religion. Some of them think that if you can get a hero with a long beard and a white robe and make him move about at the gait of a caterpillar you have a religious show. As a matter of fact real religion has action, color and movement just about as much as life itself has. This kind of picture we put on the screen and the boys are there to see them, too."

"And these men are interested in religion. The Catholic kids attend mass in our tents in large numbers, and the regular 'singings' with straightforward talks by straightforward men are invariably crowded to the guards."

Campbell is in Oakland a few days in the interests of the great thirty-five million-dollar drive which is to be staged throughout the nation in November.

## CASCARETS SELL TWENTY MILLION BOXES PER YEAR

Best, Safest Cathartic for Liver and Bowels, and People Know It.

They're Fine! Don't Stay Bilious, Sick, Headachy or Constipated.

Enjoy life! Keep clean inside with Cascarets. Take one or two at night and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand. Your head will be clear, your tongue clean, breath right, stomach sweet and your liver and thirty feet of bowels active. Get a box at any drug store and straighten up. Stop the headaches, bilious spells, bad colds and bad days—Brighten up. Cheer up. Clean up! Mothers should give a whole Cascaret to children when cross, bilious, feverish or if tongue is coated—they—Advertisement

## ROBBER IS DISCOURAGED BY WRENCH

Tool Wielded by Oil Station Tender As Burglar Lays Down Gun and Turns Back

Employee Leaps From Floor to Close With Thug and Finally Drives Him From the Place

Wielding a monkey wrench to good effect, Alfred A. Newland, tender at an oil station at Fourteenth and Franklin streets, in the heart of the business district, early this morning put to flight a robber who held him up at the point of a small caliber revolver and commenced to loot the cash register, which contained nearly \$100. Following a hand-to-hand scuffle, Newland succeeded in driving the robber from the place and pursued him a block down Fourteenth street, losing him in the darkness. Later, a man who applied at the Emergency Hospital for treatment was held as a suspect, but he was released when Newland failed to identify him.

## CONSTIPATION IS A PENALTY OF AGE

Nothing is so essential to health in advancing age as freedom and normal activity of the bowels. It makes one feel younger and fresher, and forestalls colds, piles, fevers, and other dependent ills.

Cathartics and purgatives are violent and drastic in action and should be avoided. A mild, effective laxative, recommended by physicians and thousands who have used it, is far preferable. This is the combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle; a trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

### VOTE TO STRIKE

KANSAS CITY, Oct. 15.—Representatives of 40,000 coal miners in Kansas, Oklahoma and Missouri today voted to strike Friday if demands are not met by the operators before that time.

### COURT'S RECESS

WASHINGTON, Oct. 15.—After handing down two opinions today the United States Supreme Court, through Chief Justice White, announced that the court will recess from Monday next to Monday, November 5.
